CORE SKILLS

Spot Color & Simulated Process Separations • Prepress & Print-Ready File Prep • Dye Sublimation • Cut-and-Sew / Marker Making • Color Correction & Quality Control • Adobe Creative Suite (Illustrator, Photoshop, InDesign) • Automatic Press Operation • Typography

EXPERIENCE

Freelance Production Artist 2009

Self-Employed / Contract Labor — Bethlehem, GA

- Deliver design and production services to printing companies; manage projects from concept through production across print and digital media.
- Build web development solutions, including cross-platform websites and phone apps, expanding client offerings and reach.

Production Artist / Graphic Designer 2013 – 2014

Takedown Sportswear — Lawrenceville, GA

- Prepped dye-sublimation artwork for accurate, on-time delivery to production partners.
- Built markers and applied full cut-and-sew knowledge to streamline production; managed screen-print separations with high-quality output.

Production Artist / Graphic Designer / Illustrator 2003 – 2009

Squeegee Sharks — Atlanta, GA

- Designed artwork and executed separations for clients including Andre 3000 and major universities.
- Set up and operated automatic presses (M&R Sportsman); coated and burned screens, minimizing errors and raising output quality.

Graphic Designer / Production Artist 1998 – 2003

Osborn Printing — Lawrenceville, GA

- Delivered challenging custom design work under tight deadlines for clients including Panoz Racing, Aprilia Racing, and Lotus Racing.
- Built strong client relationships through service-oriented approach; refined design processes to increase efficiency and productivity.

Production Artist / Technical Separator 1995 – 1997

Fun-Tees, Inc. — Concord, NC

- Hand-cut and computer-based separations supporting product lines for Timberland, Ralph Lauren, Target, and Wal-Mart.
- Received one-on-one training with Jeff Campos and attended seminars on simulated process separations to advance technical expertise.

Printer / Quality Control / Technical Separator / Production Artist 1993 – 1995

GAPrinters — Mount Pleasant, NC

- Sampled designs, mixed colors, and ensured screen alignment for accurate client approvals; shipped samples to facilitate efficient feedback.
- Trained in the art department creating separations with Rubylith, contact frame, and camera.

Authorized to work in the US.
